Product description

SugarPatches protective patches for Dexcom G6 sensors. Bit of variety to everyday life dominated by readings and measurements. We recommend using patches to attach the sensor when it is more active (sport), especially for children. Beautiful and diverse designs and high quality provide an additional incentive for their use.

Show your style and choose a patch in your favorite color and with any graphics! Design of the highest style, for lovers of vibrant and beautiful color compositions.

ECOLOGO INK

print meets the requirements
concerning health protection UL.COM/EL UL 2801

Price for 1 pcs

Overpatches for the Dexcom G6:

- a wide range of variants and colors - [check other patterns](#)
- good way to make better look
- good for sport activity
- convenience of use
- best medical protection - product meets the requirements of EU MDR medical directive 2017/745

Instructions:

- make sure your sensor is clean and dry - preferably wipe with a disinfectant swab
- peel off the patch carefully, starting in one corner
- to avoid touching the glue, start sticking the patch on the skin from the side of the peeled-off side, peeling off the backing a little and sticking the patch on at the same time
- after applying, smooth the patch with your finger to make sure that it sticks well
