catalog number: OMNID1

Kod EAN: 0038508500456

Producer: OmniPod

Preparation for shipping: 1 day

Price

34,00 EUR

Product description

OmniPod Dash is a system for the drainless administration of insulin. Each pod is a mini insulin pump that, after application on the skin, works for 3 days, delivering insulin without using a drain. It is an absolutely innovative method, especially for people who value freedom and discretion in handling diabetes.

- Simple actuation including painless self-application of the soft integral cannula. Needle is not visible during injection.
- Weatherproof and watertight system (IPX8: 7.6m deep under water for up to 60 Minutes)
- 1 pcs
- Expiration date - 2023
- Perfect for children and adults

ATTENTION! To use this system and control the pods, you need to be registered user and have the Omnipod Dash receiver. OMNIPOD is recommended for users who already use the system.
