Product description

Alcohol swabs for disinfection ONE-CARE 100 pcs

Soft, absorbent, non-woven swabs are soaked in 70% isopropyl alcohol, which guarantees optimal antiseptic (antibacterial and antiviral) effects. They are intended for topical use in preparing the skin before injecting or drawing blood, cleaning minor cuts and scratches, or cleaning medical equipment and supplies.

Benefits:

- exceeds the minimum 60% alcohol content recommended by the Centers for Disease Control and Prevention, optimal antiseptic action helps to fight bacteria
- intended for use in preparing the skin before injecting or drawing blood, cleaning minor cuts and scratches, or cleaning medical equipment
- airtight packaging prevents leakage or drying out
- Gauze size: 3 cm x 6 cm

The package contains 100 pieces of gauze.
