Product description

Vitamin D3 + K2 natural by Dr. Jacobs company

dietary supplement, the appropriate level of vitamin D3 affects:

- improving immunity
- reduction and reduction of allergies
- improving the sensitivity of the diabetic to insulin

Currently, the body is not able to provide adequate amount of vitamin D3 from the sun in our climate, even during the summer. The measurements we made showed that supplementation is necessary even during the summer !. Raising the level of vitamin D3 is possible only thanks to natural products and this is Vitamin D3 Dr. Jacobs.

Components:

diet supplement

20 ml drops

600 drops of 20µg / 800 IU (400% *) of vitamin D3 and 20µg (27% *) of vitamin K2 (MK-7)

150 servings of 80µg / 3200 IU (1600% *) of vitamin D3 and 80µg (108% *) of vitamin K2 (MK-7)
