Product description

Health socks with three-layer terry fabric, without compression, do not impair circulation. Antibacterial and antifungal. Delicate and flat seams do not cause abrasions on the fingers. **Their maximum flexibility prevents swelling.** They do not cause skin irritation and allergies. They protect against tarnishing when moving. Foot areas exposed to chafing are protected by a soft three-layer terry fabric. The elastic band on the midfoot prevents the socks from moving during movement. **Socks are great for physical activity.**
